DIRECTORS' REPORT

To

The Members

Your Directors hereby present the 66th Annual Report of the Company along with the audited accounts for the year ended 31st March, 2025.

The Company has adopted Indian Accounting Standards (Ind AS), from the financial year 2017-18 as mandated by the Ministry of Corporate Affairs (MCA), in place of Indian GAAP, followed earlier. Financial statements for the current year, including figures of the previous year are based on IndAS and this adoption has no major impact for the Statement of Profit and Loss.

OPERATIONS

Revenue from operations for the financial year 2024-25 at ₹369.31 crores, increased by 18.25% from ₹312.31 crores in the previous year.

Operation at the Paper Mill improved to 66.43% of the new capacity of PM6 (the only machine operating after scrapping the old machines) from 60.46% in the preceding year.

66th Annual Report 2024-2025

At the Printing & Packaging Division, Conversion tonnage was lower @ 66.44% as against 71.64% in the preceding year, due to decline in end user demand and increasing competition.

Profit before interest, depreciation, tax (PBDIT) in FY 2024-25 improved to ₹ 2,253 lakhs, as against ₹1,871 lakhs, in the preceding year. Finance costs were higher at ₹ 1,962 lakhs from ₹ 1,838 lakhs. This is due to higher utilization of working capital limits to support higher operating volumes and increase in interest rate by Bank and additional security deposits interest. After making a depreciation provision of ₹ 1,657 lakhs (Previous year ₹1,789 lakhs), loss before Exceptional income & tax was ₹1,366 lakhs (Previous year ₹1,757 lakhs). Insurance claim and salvage receipts towards building and machinery damage caused by fire accident last year, treated as Exceptional income to the extent of ₹88 lakhs, as against an exceptional loss of ₹ 30 lakhs reported in the previous year for inventory loss by fire. Loss before tax was ₹ 1,278 lakhs (previous year ₹1,787 lakhs).

Company has opted for new regime of Income tax, wherein effective tax rate is 25.17% sans certain exemptions and allowances like additional depreciation, from FY 2021-22.

Provision for current tax ₹ Nil (Nil) & deferred tax assets credit of ₹ 314 lakhs is considered in view of loss (previous year ₹ 445 lakhs). Net loss for the year has come down to ₹ 964 lakhs. (Previous Year ₹1,343 lakhs)

Considering the prevailing economic environment and the internal and external factors, the Company has assessed the carrying amount of property, plant & equipment, receivables, inventories, investments and other assets as at the Balance Sheet date, the current liquidity position including its cash flows, the business outlook and has concluded that no material adjustments are required in these financial results and the Balance Sheet as at 31-3-2025.

FINANCES

During the year, cash flow & liquidity remained comfortable for most of the time.

Installments of Term Loans and Interest on Term Loans and Working capital borrowings were paid within due dates.

DEPOSITS

The Company has neither accepted nor renewed any deposits within the meaning of Section 73 of the Companies Act, 2013 and rules framed there under, during the financial year.

CREDIT RATING

ICRA has downgraded the Company's Long term Credit rating (for Fund based limits i.e. Term Loans and CC limits) from [ICRA]BBB- with negative outlook to [ICRA]BB+ (pronounced ICRA double B plus) with negative outlook and a short term rating (for Non Fund based limits i.e LC & BG facilities) of [ICRA]A3, to [ICRA]A4+ (pronounced ICRA A four plus) in view of the losses incurred.

CURRENT PROSPECTS

Current year, the operating levels are expected to improve further, despite challenging market conditions. Company is trying hard to move from operating profits to achieve net profits with value added grades, optimum scale of operation, leading to positive earnings.

The market conditions for paper, though generally competitive, as the industry capacity has increased substantially over the years, is favorable for quality products in the segment in which the Company can operate with the new plant. The market for corrugated boxes has become extremely competitive, as more players shift towards the new technology paradigm in corrugation even as demand growth remains lackluster. The Company is exploring opportunities in new areas of value added grades.

CORPORATE GOVERNANCE

As per SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 separate Report on Corporate Governance, along with Auditors Certificate confirming the compliance is attached.

Directors' Responsibility Statement :

As required by Section 134(5) of the Companies Act 2013, we state that :

ENERGY CONSERVATION MEASURES

The particulars required under Section 134 (3) (m) of the Companies Act, 2013 with regard to energy conservation measures are furnished in the Annexure.

ENVIRONMENTAL PROTECTION

Your company has always endeavored to remain in harmony with its eco-sphere and tried to equitably balance the interest of all stakeholders in it, often going beyond the statutory impositions placed by regulatory authorities. In such efforts are included the installation of a 0.5 acre hold tank and a 2 km delivery pipeline for irrigating otherwise dry lands. ETP facility installed in the preceding year for conserving water and meeting the pollution control norms even on the expanded capacity of the paper mill is functioning satisfactorily. The treated effluent water is utilized for irrigation purposes in the nearby fields of third party farmers with excellent crop yields.

The Company has installed & been operating the Electro Static Precipitator (ESP) Systems for its Boilers for controlling dust emission and dust extractor system for controlling dust at its fuel handling system. Centrifuge and other machineries have been installed for effluent treatment. Fuel shed with roofing, controls dust emissions and conserves the resources.

In order to ensure environmentally safe disposal of solid wastes, the Company has started disposing Ash and plastic waste to recyclers authorized by KSPCB. Ash is used in brick manufacturing and plastic is being used in cement kilns.

The Company had engaged the expert services of University of Agricultural Sciences, Gandhi Krishi Vigyana Kendra, Bangalore for a study of 'Utilisation of Paper Mill Effluent for Agricultural Purpose'. After 4 years study, a final report has been issued concluding that the effluent generated by the paper mill contains small amount of nutrients, higher amount of salts and are within limits of Central Pollution Control Board norms. The finding further says that mill effluent along with additional dose of nitrogen has significant effect in increasing the crop yields.

MANAGEMENT DISCUSSION AND ANALYSIS

i) Industry Structure & Developments :

The Indian Paper Industry has been historically segmented on a three dimensional matrix identified by size, grades manufactured and raw materials utilised. Government policies on indirect taxation rates applicable to output have relied on this segmentation. Generally, tariff rates have protected smaller units utilising “unconventional” raw material. Over the years, the growth of various segments, investment levels in specific segments, technological changes, industry fragmentation and intensity of competition have been significantly influenced by the Government’s tariff policy.

Over 600 players currently populate the domestic industry and the estimated output across all grades is about 21 million metric tonnes per annum (MTPA). Global paper consumption is about 420 Million Tonnes per annum and about 50% is recycled each year. Global demand forecast for the year 2030 is 480 Million Tonnes. The three broad segments of the market are Writing and Printing Grades (Cultural), Packaging Grades (Industrial) and Newsprint.

The “Industrial” Segment of the paper market broadly comprises of Corrugated Case Materials, (CCM) and Duplex Boards -white lined and coated or uncoated. Fragmentation is severe in this segment which constitutes about 50% of the total output of Paper & Board. This segment entirely relies upon “unconventional” raw material such as waste paper (imported and domestically sourced) and, to a limited extent, on agricultural residues. The average size of units in this segment is now about 15,000 MTPA and most units cater to local area demand from small semi-auto corrugated box factories and small printers. Although the other segments in the Indian paper industry are also fragmented by international standards, the degree of fragmentation is less severe.

Historically, the bulk of the output of “Cultural” grades - comprising of writing, printing, office stationery paper and speciality paper has been the preserve of the larger producers, who use forest based raw materials in integrated pulping facilities augmented by imported market pulp. This segment has been consistently taxed at higher rates due to its size and use of “conventional” forest based raw material. Investment in plant for these players has also been higher. With a relatively smaller number of players and high import tariff protection, prices of end products, generally perceived to be of higher quality, have been high. “Lower end cultural grades” manufactured by smaller players using unconventional raw materials in low investment, low-tech plants cater to consumers in the price sensitive sub-segment of this market. This sub segment has historically depended heavily on the tariff differential based on size and raw material for its viability. Some of the mid-sized players in the writing and printing segment are in the process of expansion and modernization and are installing wider/faster machines with full fledged de-inking plants to produce the higher quality that is increasingly preferred and for which consumers are willing to pay more. Several of the “large-integrated” forest based producers have also recently increased forest based pulping capacities. The cultural paper segment contributes about 35% of the annual paper and paperboard production with a current demand growth rate of about 6 to 7% per annum. The high investment levels required and limited “conventional” fiber resources are the major deterrents to growth in this segment for both existing players as well as new entrants.

The Indian Paper industry which accounts for about 5% of global production, in recent times has registered faster growth rates of about 7%. The domestic demand is expected to grow at about 6 to 7% p.a. Paper industry plays an important role in the socio-economic development of the country.

66th Annual Report 2024-2025

Despite several infrastructural impediments there is a strong growth in demand in several sub-segments of the Indian Paper Industry. There is perceptible shift in preference for higher quality products in both the Industrial and Cultural Segments and players with the right grade-quality mix are seeing opportunities for profitable growth. As per our assessment, most of the dominant players in each industry segment will be operating near to capacity and one can expect a round of capacity additions which will however be circumscribed by factors peculiar to individual units such as the ability to raise funds cost effectively, availability of raw material and low cost energy.

ii) Opportunities & threats:

The Indian Government's policy for the paper industry lacks perspective. It is necessary that the Government come up with a clear policy on pulpwood plantations that can benefit the paper industry in terms of introducing more virgin fiber into the fiber basket. In the face of fierce global competition, sustenance of industry with only agro-based raw materials and recycled fiber will be very difficult to achieve. The Government also needs to create a more conducive atmosphere for investment into this sector.

In the medium term, much of the growth in the packaging segment of the Industry is expected to be based on recycling of waste paper. This is already the trend in China. Indian paper companies in the packaging segment are also expected to fuel their near to medium term growth through waste paper imports from regions of surplus such as North America and Europe.

Much has changed in the global recycled fiber flow pattern since the imposition of a complete ban on the imports of wastepaper by the Chinese Government.

China continues to be the largest consumer of paper and board and the Chinese demand constitutes a large proportion of Global demand – particularly for packaging of manufactured consumer goods for domestic and international consumption. The complete ban on imports with effect from January 2020 of wastepaper by the Chinese Government is the culmination of a series of progressively stringent rules on the quality of imported wastepaper imposed since 2017. During the period 2018-2021, Chinese paper manufacturing capacity was hamstrung by the shortage of imported recycled paper to the extent of about 25%. This caused a spurt in prices of domestic recycled fiber and a jump in paper prices, particularly for containerboard which constitutes about 55 million MT per year of the Chinese paper demand. The shortage in containerboard supply of about 12-14 million MT was met during 2019, 2020 by imports from other regions of both recycled roll pulp and finished product. Many Indian mills, due to the generally poor quality could only meet the low-end demand of Roll Pulp during this period. Over the period, large Chinese producers began to set up world class capacities outside China, particularly in Southeast Asia, where wastepaper imports are not banned. In 2022, they fill much of the demand supply gap in the China market. The lucrativeness of the demand for Roll Pulp from Indian mills, has since disappeared but brought new, low-end capacities of Containerboard into the Indian market resulting in a capacity overhang in India. This situation is driving up domestic fiber prices and depressing finished product prices.

The China ban has also driven up Global prices of virgin pulp and consequently higher end Containerboard grades like Kraft Liner. Opportunity lies in substituting these expensive grades with high performance recycled grades with acceptable aesthetics and strength. Opportunity also lies in substituting other grades based on Virgin Pulp like mailer bag stock which has a rising demand from the e-commerce sector.

Large capacities created by Chinese groups in Southeast Asia in constitute a large demand for imported recycled waste. They also possess relative buying strengths and constitute a cost threat to that extent. Over time, however, as domestic capacities stabilize and domestic collection improves, a larger proportion is expected to be sourced domestically with the fiber basket being upgraded by pulp imports. The strength of any firm in this industry is however expected to come from a presence throughout the supply chain from raw material to packaging production and delivery.

Whilst this is a capital-intensive industry, the current structure of depreciation tax shields, finance (interest) costs and relatively short-term repayment horizons places severe limitations on fresh investments.

This phenomenon has effectively increased the project cost on expansion and new green-field investments. At the same time, the continuous reduction of import tariffs keeps margins under pressure.

The absence of large-scale investments and green field projects in a rapidly growing economy with one of the lowest per capita paper consumption rates is testimony to this situation. Further, the ban on single-use plastic is favourable to Paper Industry.

iii) Segment wise or product wise performance:

The Company is engaged in the business of manufacture and sale of Paper & Paper products. In the context of IndAS-108 –Operating Segments, Paper and Paper Products constitute the only reportable segment of the Company.

iv) Outlook:

Growth rate of the Indian economy expected around 6.5% in FY 2024-25 as against 9.27% in 2023-24 (revised figure as against initially reported 8 %). For FY 2025-26 it is expected to be around 6.5%.

Demand for paper in FY 2025 continues to be competitive under challenging market conditions for the normal grades. Demand for value added/ special application grades is expected to revive as also for import substitute/ export grades.

Innovative cost containment and cost cutting will be required by paper mills to not only maintain business volumes but to capture a larger portion of a slowly growing pie.

v) Risks and Concerns:

New, large scale manufacturing capacities are being created in several down-stream industries such as electronic goods, white goods, cell phones and fast moving consumer goods. These industries that have been seeing a year-on-year growth of 8 to 10% are expected to also slow but not as much as the general slowdown in the economy.

The Government has also prioritized policies aimed at promoting rapid up-gradation in supply chain systems for retail distribution and export of fruits and vegetables. The automotive components industry is also growing and demanding wooden packaging substitutes. The footwear and garments exports segments are growing but at a more moderate pace as export markets slow.

All these and other trends indicate that there will be a better than average growth in the demand for high-quality, world-class packaging material produced in state-of-the art facilities and delivered just-in-time.

Whilst one would ordinarily expect these trends to encourage strong players in the paper converting industries to either expand or paper producers to forward integrate and seize the opportunities for growth, this has not actually

66th Annual Report 2024-2025

happened due to the uncertainty from the flip flop tariff policy decisions.

Historically, the policy of “reservation” of this industry for the small scale sector has resulted in extreme fragmentation with low productivity, small capacities and poor quality of output. The indirect tax structure and the industry structure of consuming industries highlighted earlier allows these capacities to continue to exist albeit marginally and this production base continues to supply the existing demand, its survival being circumscribed by the tax/tariff structure applicable to users of packaging material.

During February 2008, corrugated box manufacturing was taken off the list of products reserved for the small scale industries. This change should see consolidation of production in the corrugated box industry as well as a significant shift in the overall quality of boxes. These changes would elevate the quality requirements for corrugating case paper – both liners and fluting, placing significant pressure on paper manufacturers in terms of fresh investments in paper making processes to meet the emerging quality requirements. New, better capitalized and organized players are expected to enter the market. However, the current tariff structure in the entire value chain from raw material for the paper industry to the final consumer product as well as the vertical value chain split described earlier will shape the speed of evolution and growth of this segment.

vi) Internal Control Systems:

Your company has an adequate internal control system in place. The internal control system is proactive. The company has an audit committee which oversees the adequacies of the internal control systems and reports to the Board.

vii) Discussion on financial performance with respect to operational performance:

Revenue from operations for the financial year 2024-25 at ₹369.31 crores, increased by 18.25% from ₹312.31 crores in the previous year.

Operation at the Paper Mill improved to 66.43% of the new capacity of PM6 (the only machine operating after scrapping the old machines) from 60.46% in the preceding year.

At the Printing & Packaging Division, Conversion tonnage was lower @ 66.44% as against 71.64% in the preceding year, due to decline in end user demand and increasing competition.

Profit before interest, depreciation, tax (PBDIT) in FY 2024-25 improved to ₹2,253 lakhs, as against ₹1,871 lakhs, in the preceding year. Finance costs were higher at ₹1,962 lakhs from ₹1,838 lakhs. This is due to higher utilization of working capital limits to support higher operating volumes and increase in interest rate by Bank and additional security deposits interest. After making a depreciation provision of ₹1,657 lakhs (Previous year ₹1,789 lakhs), loss before Exceptional income & tax was ₹1,366 lakhs (Previous year ₹1,757 lakhs). Insurance claim and salvage receipts towards building and machinery damage caused by fire accident last year, treated as Exceptional income to the extent of ₹88 lakhs, as against an exceptional loss of ₹30 lakhs reported in the previous year for inventory loss by fire. Loss before tax was ₹1,278 lakhs (previous year ₹1,787 lakhs).

Company has opted for new regime of Income tax, wherein effective tax rate is 25.17% sans certain exemptions and allowances like additional depreciation, from FY 2021-22.

Provision for current tax ₹ Nil (Nil) & deferred tax assets credit of ₹ 314 lakhs is considered in view of loss (previous year ₹ 445 lakhs). Net loss for the year has come down to ₹ 964 lakhs. (Previous Year ₹ 1,343 lakhs)

Key Financial Ratios – given in Note no. 44 of the Notes to Financial statements.

viii) Material developments in Human Resources/Industrial Relations front:

The industrial relations climate in the Company during the year was cordial and harmonious. A 4 year Wage settlement agreement signed with workers' union at the Paper Mill is in force upto 31-3-2026. In case of the Box unit, a 4 year Wage settlement agreement signed with workers' union was in force upto 31-3-2024. Negotiation for agreement for the subsequent period is in progress.

The focus of HR activities is on employee involvement in operations of the company for effective results.

Efforts are being directed at building a strong management team oriented to entrepreneurial thinking and innovation in problem solving.

As on 31st March 2025, the Company had on its rolls, 341 employees consisting of 209 workmen and 132 technical/ supervisory/ Administrative staff in different locations.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO

Information as per Section 134 (3) (m) of the Companies Act, 2013 read with Rule 8 of Companies (Accounts) Rules 2014 and forming part of the Directors' Report for the year ended 31st March, 2025.

A) CONSERVATION OF ENERGY

Conservation of energy is an ongoing activity receiving major emphasis at all stages of manufacturing. Energy consumption is systematically monitored and conservation of energy is implemented in a phased manner.

1. Steps taken/ impact on conservation of energy:

- i) The Company generates steam for process requirements as well as power generation by Circulating Fluidised Bed Combustion (CFBC) Boiler, which is energy efficient.
- ii) The Company continues to phase out high energy consuming devices especially in the areas of stock refining vacuum systems and pumping systems to incorporate modern equipment.
- iii) Static inverter drives have been installed for boilers, ID/FD fans and for all the rewinders to reduce energy consumption(PM6)
- iv) Variable frequency drives have been installed on all the pumps of PM6. This allows a continuous saving of energy at varying process conditions.
- v) High Capacity Motors are provided with soft starters which contribute about 5% savings compared to conventional starters.
- vi) Installation of capacitor banks to optimize power factor and other energy saving devices.
- vii) Recycling of back water in PM6, to conserve fresh water
- viii) Construction of fuel shed, for storing fuel items in good condition, resulted in reduced wastage & energy savings
- ix) Installed water flow meter at relevant lines to monitor and control the water consumption resulting in saving of fresh water and pumping energy.
- x) Boiler cooling water collected in a tank and fed to cooling tower which result in saving of fresh water and pumping energy.
- xi) Micro Travel Showers introduced on PM6 machines to conserve fresh water consumption and pumping energy.
- xii) Factory Pump house motor provided with VFD with Auto pressure monitoring
- xiii) Energy meter is installed in all HT feeders
- xiv) Filter for PM6 water reuse installed
- xv) Installed VFD for cooling water pump
- xvi) All the cooling system water is connected to cooling tower thereby reducing the cooling tower water consumption.
- xvii) Invested on LED light fittings in the new boiler area and PM6 machine hall

66th Annual Report 2024-2025

- xvii) Installed close hood system in Drying section for exhaust heat recovery, saving steam consumption
- xix) Installed VF Drives in PM 6, New transformers with better efficiency, being Energy saving Equipment in PM6
- xx) Vacuum pump sealing water recirculation system with cooling tower implemented in PM6

IMPACT OF ABOVE MEASURES:

The above measures have resulted in reduced consumption of energy & consequent favourable impact on cost of production of goods.

2) Steps taken by the Company for utilizing alternate sources of energy

Company is contemplating utilization of solar / wind energy as an alternate source of energy

3) Capital Investment on energy conservation equipments

Major investments were made in FY 2015-16 towards cogeneration facility as reported earlier

INDEPENDENT AUDITOR'S REPORT

To
**The Members of
The South India Paper Mills Limited,
Nanjangud**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **The South India Paper Mills Limited** ("the Company") which comprises the Balance Sheet as at 31st March, 2025, the Statement of Profit and Loss (including the statement of Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2025, and its losses including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and informing our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our

knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.

66th Annual Report 2024-2025

- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. A. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the specified Ind AS under Section 133 of the Act.
 - e) On the basis of the written representations received from the Directors taken on record by the Board of Directors of the Company, none of the Directors of the Company is disqualified as on 31st March, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these financial statements and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".

- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - d)
 - i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediaries shall, whether, directly or indirectly lend or invest in other person or entity identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - ii) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether directly or indirectly, lend or invest in other person or entity identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - iii) Based on the audit procedures that were considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
 - e) The Company has not declared or paid any dividend during the year.
 - f) Based on our examination, which included test checks, the company has used SAP accounting software for maintaining its account books which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that audit trail feature is not enabled at the database level. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with, where the audit trail has been enabled. Additionally, the audit trail has been preserved by the Company as per the Statutory requirements for record retention to the extent it was enabled and recorded.
3. In our opinion, the managerial remuneration for the year ended 31st March, 2025 has been paid / provided by the Company to its Directors in accordance with the provisions of section 197 read with Schedule V of the Act.

66th Annual Report 2024-2025

Annexure A to the Independent Auditor's Report of even date on the financial statements of The South India Paper Mills Limited for the year ended 31st March, 2025

(Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

On the basis of such checks as we considered appropriate and in terms of the information and explanations given to us, we state that:

- (i) In respect of the Company's property, plant and equipment & intangible assets -
 - (a) (i) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
 - (ii) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the practice of the Company, all items of property, plant and equipment are physically verified by the management in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Accordingly, a portion of the fixed assets has been physically verified by the Management during the year and the Management has confirmed that no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given by the management and on the basis of our examination of the records of the Company, the title deeds of immovable properties included in property, plant and equipment are held in the name of the Company.
- (d) The company has not revalued its property, plant and equipment or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable and the discrepancies noticed were not material. Discrepancies noted on physical verification of inventories have been properly dealt with in the books of account.
- (b) During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. Details of current assets mentioned in the Quarterly Monitoring Reports filed with the bank are in agreement with the books of accounts of the Company.
- (iii) (a) The Company has not provided any loans or advances in the nature of loans or stood guarantee, or provided security to any other entity during the year, and hence reporting under clause 3(iii)(a) of the Order is not applicable.
- (b) In our opinion, the investments made, during the year are, prima facie, not prejudicial to the Company's interest. The Company has not provided guarantee or security or granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act.
- (c) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, reporting under clause 3(iii) (c) of the Order is not applicable.
- (d) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, reporting under clause 3(iii) (d) of the Order is not applicable.

- (e) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, reporting under clause 3(iii) (e) of the Order is not applicable.
- (f) The Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, reporting under clause 3(iii) (f) of the Order is not applicable.
- (iv) According to the information and explanations given to us, the Company has not granted any loans or provided guarantees and security for which the provisions of Section 185 and 186 of the Act are applicable. The Company has complied with the provisions of Section 186 of the Act in respect of Investments made.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014. Accordingly, reporting under clause 3(v) of the Order is not applicable.
- (vi) We have broadly reviewed the cost accounts and records maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148(l) of the Act, and we are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have, however not made a detailed examination of the records with a view to determine whether they are accurate.
- (vii) According to the records of the Company:
 - a) The Company does not have liability in respect of service tax, duty of excise, sales tax and value added tax during the year since effective from 1st July, 2017, these statutory dues has been subsumed into GST. The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, duty of custom, goods and services tax, cess and other statutory dues applicable to it.

There were no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, duty of customs, goods and services tax, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.
 - b) On the basis of our examination of the documents and records and information and explanation given to us, there are no statutory dues of income tax, sales-tax, service tax, custom duty, excise duty, value added tax, goods and services tax and cess which have not been deposited with the appropriate authorities on account of dispute.
- (viii) The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, reporting under clause 3(viii) of the Order is not applicable.
- (ix)
 - (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender during the year.
 - (b) The Company has not been declared as a willful defaulter by any bank or financial institution or government or any government authority.
 - (c) According to the information and explanations given to us, term loans were applied for the purpose for which the loans were obtained.

66th Annual Report 2024-2025

- (d) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that no funds raised on a short-term basis have been used for long-term purposes by the Company.
- (e) The company has no subsidiaries, joint ventures or associate companies. Accordingly, reporting under clause 3(ix) (e) and (f) is not applicable.
- (x) (a) The company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, reporting under clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable.
- (xi) (a) According to the information and explanations given to us, considering the principles of materiality outlined in Standard of Auditing, we report that no fraud by the Company or on the Company have been noticed or reported during the course of audit.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this report.
- (c) According to the information and explanations given to us, there were no whistle blower complaints received by the company during the year.
- (xii) In our opinion and according to the information and explanations given by the management, the Company is not a nidhi company. Accordingly, reporting under clause 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given by the management and based on our examination of the records of the Company, transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards.
- (xiv) (a) The company has an internal audit system commensurate with the size and nature of its business.
- (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence, provisions of Section 192 of the Act, are not applicable to the Company.
- (xvi) (a) According to the information and explanations given to us, the provisions of Section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company. Accordingly, reporting under Clause 3(xvi) (a) and (b) of the Order is not applicable.
- (b) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under Clause 3(xvi) (c) of the Order is not applicable.
- (c) There is no Core Investment Company as a part of the Group. Accordingly, reporting under Clause 3(xvi) (d) of the Order is not applicable.
- (xvii) The company has not incurred cash losses in the current financial year and has incurred cash losses of INR 15.94 Lakhs in the immediately preceding financial year.

- (xviii) There has been no resignation of the statutory auditors during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, we are of the opinion that no material uncertainty exists as on the date of the audit report that the Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, provisions of Clause 3(xx) (a) and (b) of the Order are not applicable, as the provisions of Sec 135 are not applicable to the Company for the financial year ending 31st March, 2025.
- (xxi) The Company is not required to prepare Consolidated Financial statements. Accordingly, reporting under Clause 3(xxi) of the Order is not applicable.

66th Annual Report 2024-2025

Annexure B to the Independent Auditor's Report of even date on the financial statements of The South India Paper Mills Limited for the year ended 31st March, 2025

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **The South India Paper Mills Limited** ("the Company") as at 31st March, 2025 in conjunction with our audit of the financial Statements of the Company for the year ended on that date.

Management's Responsibilities for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting with reference to Financial Statements

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail,

accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of such internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

CORPORATE INFORMATION

The South India Paper Mills Ltd, a Public Limited Company, incorporated under the provisions of the Companies Act, 1956. The Equity Shares of the Company are listed on the Bombay Stock Exchange Limited. The registered office of the Company is located at Chikkayanachatra, Nanjangud, Karnataka – 571302. The Company Corporate Identity Number (“CIN”) is L85110KA1959PLC001352.

The Company is engaged in the manufacture of Paper, Paperboards, Cartons and Power Generation.

NOTE 1 : MATERIAL ACCOUNTING POLICIES

A.1 Basis of preparation

a) Statement of Compliance:

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time and relevant provisions of the Companies Act, 2013 (“the Act”).

The financial statements were authorised for issue in accordance with a resolution of the Company’s Board of Directors on 29 May, 2025.

These financial statements have been prepared on the historical cost basis, except for certain items that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. The financial statements are prepared on a ‘going concern’ basis under accrual method, except for the cash flow information.

b) Classification of Assets and Liabilities as Current and Non-Current:

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when :

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

66th Annual Report 2024-2025

c) Functional and Presentation Currency:

The financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency and all amounts are rounded to the nearest two decimal of lakhs (₹00,000), except when otherwise indicated.

1.2 Property, plant and equipment (PPE)

PPE are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost of PPE includes interest on borrowings attributable to acquisition of qualifying PPE up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Any trade discounts and rebates are deducted in arriving at the purchase price. The cost is net of input tax credit availed. The Company identifies and determines the cost of each part of an item of PPE separately, if the part has a cost which is significant to the total cost of that item of PPE and has useful life that is materially different from that of the remaining item. Subsequent expenditure relating to PPE is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. All other costs are recognised in the statement of profit and loss as and when incurred as repairs and maintenance.

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest (if any). Advances given towards acquisition of PPE outstanding at each balance sheet date are disclosed as Other Non-Current Assets.

Depreciation is provided on straight line method based on the following useful lives / residual values as prescribed in Part C of Schedule II of the Companies Act, 2013. Depreciation is charged on a proportionate basis for all assets purchased and sold during the year. Extra Shift Depreciation has been charged, where applicable.

Nature of Asset	Useful Life	Residual Value
Tangible Assets :		
Buildings	30 to 60 Years	Nil to 5%
Roads	5 to 10 Years	Nil to 5%
Plant & Machinery	8 to 30 Years	Nil to 5%
Office Equipment	5 Years	Nil
Furniture & Fixtures	10 Years	Nil
Vehicles	8 Years	5%
Computers – Servers & Networks	6 Years	Nil
– End user devices	3 Years	Nil

An item of property, plant and equipment and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (*calculated as the difference between the net disposal proceeds and the carrying amount of the asset*) is included in the income statement when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

1.3 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Computer Software which is not an integral part of the related hardware is classified as an intangible asset. Intangible assets are amortised on a reducing balance method over the estimated useful economic life of 6 years, based on management's estimate of useful life.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with Ind AS.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds/net realizable value and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

1.4 Impairment

(i) Financial assets -

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(ii) Non-financial assets -

Consideration is given at each balance sheet date to determine whether there is any indication of impairment to a tangible / intangible asset. If any indication exists, an asset's recoverable amount is estimated. An asset is treated as impaired when the carrying amount of asset exceeds its recoverable value. The impairment loss is charged to statement of profit and loss in the year in which an asset is identified as impaired. An impairment loss is reversed in the Statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

1.5 Revenue from contract with customer

The Company earns revenue from contract with customer primarily from sale of goods.

Revenue is recognised upon transfer of control of promised products to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer, it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. Revenues in excess of invoicing are classified as contract assets (Unbilled Revenue). The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer.

66th Annual Report 2024-2025

The revenue is collected immediately upon sale of goods or as per agreed credit terms which is within 30 to 50 days upon delivery. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated.

Variable Consideration

Rights of return, volume discounts, or any other form of variable consideration is estimated using either the sum of probability weighted amounts in a range of possible consideration amounts (expected value), or the single most likely amount in a range of possible consideration amounts (most likely amount), depending on which method better predicts the amount of consideration realizable. Transaction price includes variable consideration only to the extent it is probable that a significant reversal of revenues recognized will not occur when the uncertainty associated with the variable consideration is resolved. Our estimates of variable consideration and determination of whether to include estimated amounts in the transaction price may involve judgment and are based largely on an assessment of our anticipated performance and all information that is reasonably available to us.

Finance income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in “Other income” in the statement of profit and loss.

Dividend income

Revenue is recognised when the Company’s right to receive dividend is established, which is generally the shareholders’ approval date.

Export Incentives

Revenue from export incentives are accounted for on export of goods if the entitlements can be estimated with reasonable assurance and conditions precedent to claim are fulfilled.

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

1.6 Inventories

Inventories are valued at the lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. However, raw materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials, consumables & stores and fuel: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.
- Finished goods and Work-in-Progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of

completion and the estimated costs necessary to make the sale. The comparison of cost and net realisable value is made on an item-by-item basis.

The provision for slow moving and obsolete inventory is assessed by the management and is provided as considered necessary.

1.7 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents include other short-term highly liquid investments with original maturities of three months or less. For the purpose of the Statement of cash flows, cash and cash equivalents consists of cash and short term deposits as defined above.

1.8 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit / (loss) before exceptional items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.9 Foreign currencies

The financial statements are presented in Indian Rupees ('INR'), which is the functional currency of the Company.

Transactions and balances -

Foreign exchange transactions are recorded at the rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss of the year.

Monetary items denominated in foreign currencies as at the balance sheet date are translated at the exchange rates on that date; the resultant exchange differences are recognised in the statement of profit and loss as income or expense.

Non-monetary items are recorded at the rate prevailing on the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency, are translated using the exchange rates at the date when the fair value is measured.

Premium / discount on forward exchange contracts if any are amortised over the period of the contracts if such contracts relate to monetary items as at the balance sheet date.

1.10 Retirement and other employee benefits

(i) Short-term employee benefits -

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees' service up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current provisions in the balance sheet.

(ii) Compensated absences -

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised as a liability, based on actuarial valuation made by an independent actuary, at the present value of the defined benefit obligation as at the balance sheet date less the fair value of the plan assets out of which the obligations are expected to be settled.

66th Annual Report 2024-2025

(iii) Post-employment benefits -

The Company operates the following post-employment benefit schemes:

- defined contribution plans such as provident fund and employee state insurance scheme; and
- defined benefit plans such as gratuity.

Defined contribution plans :

The Company makes specified monthly contribution towards employee provident fund, superannuation fund and employees state insurance schemes to Government administered schemes which are the defined contribution schemes. The Company's contribution is recognised as an expense in the statement of profit and loss during the period in which the employee renders the related service.

Defined benefit plans :

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the statement of profit or loss as past service cost

1.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences arising from foreign currency borrowings to the extent regarded as an adjustment to the borrowing costs.

1.12 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities are identified to segments on the basis of their relationship to the operating activities of the segment.

Inter-segment revenue, if any, is accounted on the basis of transactions which are primarily determined based on market / fair value factors.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis are included under "unallocated revenue / expenses / assets / liabilities".

1.13 Leases

Company as a Lessee -

The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in

exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset,
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease, and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Wherever the lease period is less than 12 months, lease payments are recognised as an expense on a straight-line basis over the lease term.

Company as a Lessor -

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

1.14 Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

(i) Current income tax -

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for that period. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the balance sheet date.

66th Annual Report 2024-2025

(ii) Deferred tax -

The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/ virtually certain (as the case may be) to be realised.

In the situations where the Company is entitled to a tax holiday, no deferred tax (asset or liability) is recognised in respect of timing differences which reverse during the tax holiday period, to the extent the Company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognised in the year in which the timing differences originate. However, the Company restricts recognition of deferred tax assets to the extent that it has become reasonably certain, that sufficient future taxable income will be available against which such deferred tax assets can be realised. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

(iii) Minimum alternate tax (MAT)-

In accordance with the provisions of Section 115JAA of the Income Tax Act, 1961, the Company is allowed to avail credit equal to the excess of Minimum Alternative Tax ('MAT') over normal income tax for the assessment year for which MAT is paid. MAT credit so determined can be carried forward for and set-off for fifteen succeeding years for the year in which such credit becomes available. MAT credit can be set-off only in the year in which the Company is liable to pay tax as per the normal provisions of the Income Tax Act, 1961 and such tax is in excess of MAT for that year. The MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

1.15 Financial instruments

Financial instruments are recognised when the Company becomes a party to the contract that gives rise to financial assets and financial liabilities.

Financial Assets

Initial recognition and measurement

All financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Subsequent measurement

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method if these financial assets are held within a business whose objective is to hold these assets to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Fair value movements are recognized in Other Comprehensive Income (OCI).

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in statement of profit and loss.

Trade Receivables

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to the lifetime Expected Credit Losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Company applies simplified approach of Ind AS 109 “Financial Instruments” for determining lifetime Expected Credit Losses.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognised when the obligation specified in the contract is discharged or cancelled or expires.

Financial liabilities***Initial recognition and measurement***

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company’s financial liabilities include trade and other payables and borrowings

Subsequent measurement***Financial liabilities at fair value through profit or loss***

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Loans and Borrowings

Financial liabilities are subsequently measured at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms,

66th Annual Report 2024-2025

or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial instruments

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

1.16 Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

1.17 Provisions, contingent liabilities and contingent assets

(i) Provisions -

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(ii) Contingent liabilities -

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

Show cause notices issued by various Government authorities are not considered as contingent liabilities. However, when the demands are raised against such show cause notices after considering the Company's views, these demands are either paid or treated as liabilities, if accepted by the company, and are treated as contingent liability, if disputed by the Company.

The Company does not recognise a contingent liability but discloses in the financial statements.

(iii) Contingent assets -

Contingent assets are neither recognised nor disclosed in the financial statements.

1.18 Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

1.19 Cash dividend to equity shareholders of the Company

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

1.20 Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to revenue, it is recognised in the statement of profit and loss on a systematic basis over the periods to which they relate. Grants relating to assets, including non-monetary grants are presented in the balance sheet by deducting the grant in arriving at the carrying amount of the asset.

1.21 Non-Current Assets held for sale

Assets that are available for immediate sale and where the sale is highly probable of being completed within one year from the date of classification are considered and classified as assets held for sale. Non-current assets and disposal groups held for sale are measured at the lower of carrying amount and fair value less costs to sell.

1.22 Recent Accounting Pronouncements

- (i) Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended March 31, 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and lease back transactions, applicable from April 1, 2024:

The Company has assessed that there is no significant impact on its financial statements.

66th Annual Report 2024-2025

- (ii) On May 9, 2025, MCA notified the amendments to Ind AS 21 - Effects of Changes in Foreign Exchange Rates. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after April 1, 2025. The Company is assessing the probable impact of these amendments on its financial statements.

NOTE 2 : KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of the Company's financial statements in conformity with Ind AS requires the management to make estimates, judgements and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses for the year. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

Key source of estimation of uncertainty as at the date of financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of the following:

(i) Defined benefit plans (gratuity benefits) -

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(ii) Useful life of property, plant and equipment and intangible assets:

The Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

(iii) Estimation of current tax expense and payable:

The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes and tax credits including the amount expected to be paid or refunded.

CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Company has not early adopted any standards or amendments that have been issued but are not yet effective/notified. Amendments and interpretations applying for the first time during the year do not have an impact on the financial statements of the Company.

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The following payments are expected contribution to the defined benefit plans in the future years:

	31 March 2025	31 March 2024
Weighted average duration of defined benefit plan (years)	12.42	13.18

NOTE 38 : FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's financial liabilities comprises mainly of loan borrowings, trade payables and other payables. The Company's financial assets comprises mainly of cash and cash equivalents, other balances with banks, trade receivables and other receivables.

Risk management policies and systems of the Company are reviewed regularly by the Board of Directors to reflect changes in market conditions and the company's activities. The Company has financial risk exposure in the form of

- A. Market Risk,**
- B. Credit Risk, and**
- C. Liquidity Risk.**

The present disclosure made by the Company summarises the exposure to these financial risks.

A. Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types i.e., Foreign Currency Exchange Rate Risk, Interest Rate Risk and Other Price Related Risks.

66th Annual Report 2024-2025

(i) **Foreign Currency Exchange Rate Risk:**

The Company imports pulp, waste paper and other stores & spares for which payables are denominated in foreign currency. The Company is exposed to foreign currency risk on these transactions. The Company evaluates the impact of foreign exchange rate fluctuations by closely monitoring exchange rate movements and where necessary occasionally enters into simple forward exchange contracts to hedge the foreign currency risk whose maturity is coterminous with the maturity period of the foreign currency liabilities. Thus, the Company is generally not exposed to any significant foreign currency risk.

(ii) **Interest Rate Risk:**

The Company's exposure to the risk of changes in market interest rates relates to bank borrowings comprising of term loans and working capital loans.

The exposure of the Borrowings from Banks changes at the end of the reporting period are as follows:

Particulars	31 st March, 2025 ₹ in Lakhs	31 st March, 2024 ₹ in Lakhs
Variable Rate Borrowings		
Term Loans	10,694.96	13,271.75
Working capital loans	6,739.57	6,183.83
Total	17,434.53	19,455.58
Fixed Rate Borrowings	—	—
Closing average rate of interest per annum	9.70%	9.91%

Interest Rate Sensitivity analysis

The sensitivity analysis below has been determined based on the exposure to interest rates on Variable Rate Borrowings at the end of the reporting period. Impact on Profit before tax, using a 25 basis point +/- fluctuation in the interest rate would be as under:

Particulars	31 st March, 2025 ₹ in Lakhs	31 st March, 2024 ₹ in Lakhs
Interest rate increase by 0.25%	-43.59	-48.64
Interest rate decrease by 0.25%	43.59	48.64

(iii) **Other price risk**

Other price risk is the risk that the fair value of a financial instruments will fluctuate due to changes in market traded prices.

Commodity price risk:

The Company is exposed to the movement in price of key raw materials in domestic and international markets. The Company has in place policies to manage exposure to fluctuations in the prices of the key raw materials used in operations.

Others:

Company does not have any equity or other investments which are subjected to price related risks.

B. Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counter-party fails to meet its contractual obligations.

(i) Trade Receivables

Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable and thus set the individual risk limits are. The company does not hold any collateral on the unsecured trade receivables balance outstanding. The company has stop supply mechanism in place in case outstanding goes beyond agreed limits.

The Company also sells its products through appointed agents. The Company has established a credit policy under which every agent is analysed individually for creditworthiness. Each agent places security deposit based on the quotas allocated to him. Though the invoices are raised on the individual customer, the agent is responsible for the collection and in case of default by such customer, the dues from the customer are withheld / adjusted against the payables to the agent. Thus, the credit risk is mitigated.

(ii) Financial instruments and cash deposits

The Company's investment in fixed deposit with banks is fixed and hence, there is no risk on account of price movement arising to the Company. The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.

C. Liquidity Risk:

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company manages the liquidity risk by projecting cash flows considering the level of liquid assets necessary to meet the obligations by matching the maturity profiles of financial assets and financial liabilities. The liquidity risk management involves matching the maturity profiles of financial assets and financial liabilities.

NOTE 39 : CAPITAL MANAGEMENT

The Company's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital and all other equity reserves attributable to equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company monitors capital using Gearing Ratio, which is as under :

66th Annual Report 2024-2025

EXPLANATORY STATEMENT

As required by Section 102 of the Companies Act, 2013, the following explanatory statement sets out all the material facts relating to the business mentioned under Item No. 3 of the accompanying notice.

Item No. 3 :

Appointment of Mr S N Hitaish Kumar as Secretarial Auditor of the Company for a consecutive period of 5 years.

Pursuant to the recent amendments to Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), a listed entity is required to appoint an individual as Secretarial Auditor for not more than one term of five consecutive years; or a Secretarial Audit firm as Secretarial Auditor for not more than two terms of five consecutive years, subject to Members approval at the Annual General Meeting. In this regard, based on the recommendation of the Audit Committee, the Board of Directors, at its meeting held on 31st July, 2025, approved the appointment of Mr S N Hitaish Kumar, Practicing Company Secretary, as the Company's Secretarial Auditor for a term of five consecutive financial years commencing from April 1, 2025 till March 31, 2030, subject to Members' approval, after taking into account his experience, independent assessment, competency and Company's previous experience based on the evaluation of the quality of audit work done by him in the past.

The Company has received a consent letter from Mr S N Hitaish Kumar, confirming his willingness to undertake the Secretarial Audit and issue the Secretarial Audit Report in accordance with Section 204 of the Act along with other applicable provisions, if any, under the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended.

Mr S N Hitaish Kumar is a fellow member of the ICSI. With over 22 years of extensive experience in Corporate and Allied Laws, is a seasoned Practicing Company Secretary having expertise in the field of corporate governance, regulatory compliance, and business restructuring. As a Fellow Member of ICSI, he has built a distinguished career advising corporates on a wide spectrum of corporate legal matters.

Mr. S N Hitaish Kumar hereby affirms his compliance with Regulation 24A(1B) of the Listing Regulations in providing services to the Company. Further Mr S N Hitaish Kumar confirms that he holds a valid peer review certificate issued by ICSI and he fulfills all eligibility criteria and he has not incurred any disqualifications for appointment, as outlined in the SEBI circular dated December 31, 2024.

The Board of Directors has approved remuneration of ₹1,00,000 plus applicable taxes for FY 2025-26 for Secretarial Audit & issuing Secretarial Compliance Certificate and for subsequent years of the term, such fee as determined by the Board on recommendation of Audit Committee of Directors in consultation with Mr S N Hitaish Kumar. Besides the audit services, the Company would also obtain permitted services which are to be mandatorily received from the Secretarial Auditor under various statutory regulations from time to time, for which Mr S N Hitaish Kumar will be remunerated separately on mutually agreed terms. The Board of Directors, may alter and vary the terms and conditions of appointment, including remuneration, in such manner and to such extent as may be mutually agreed with the Secretarial Auditor.

None of the Directors, Key Managerial Personnel of the Company and their relatives, are concerned or interested, financially or otherwise, in this resolution. The Board recommends the Ordinary Resolution set out at item number 3 of the notice for approval by the members.
